To whom it may concern:

Mr. Carlos Archuleta completed installing over 1200 lineal feet of chain link fencing at three properties located at West Alameda and West San Francisco in June 2009. Also include was extending the height from 4 feet to 8 feet.

To Whom It May Concern:

In April 2010 Mr. Archuleta completed the installation of over 800 feet of 6 foot chain-link fence with 3 strands of barbed wire for the Pueblo of Tesuque's Environment Department. It involved the removal of existing, damaged fence and installation of new and replacement fence. He also installed three 18 feet by 6 feet double drive gates with hardware as part of the project. The work was completed on time and budget.

In June of 2011, my husband and I began looking for someone to build a fence for us in Santa Fe. We called 3 companies for estimates. One company was a no-show for the estimate. Another company took several weeks to meet us for the estimate. Finally, Carlos of City Different Fence met with my husband and gave him his estimate. We decided to have City Different build our fence.

I am writing this letter of recommendation because we are pleased with our experience with City Different Fence. From the beginning, Carlos was prompt, courteous and professional. City Different Fence was reasonably priced. Carlos proved to be a man of his word and built the fence without any shortcuts. His excellent attention to detail and perfectionism gave us an exceptional finished product.

My husband and I highly recommend Carlos and City Different Fence without reservation.

Sincerely,

Tammy Maloof-Tapia and Gerard Tapia

To Whom It May Concern:

In May 2010, I hired Mr. Archuleta to install approximately 100 feet of four foot chain link fence, with two 4' x 4' gates with hardware. *DK*

The work was performed on time and was of high standard. My parents who observed the whole process were impressed with the work Mr. Archuleta did. I will be calling on him in the near future to assist me in designing and building a horse enclosure at my home.

Dear Carlos,

Thank you for the beautiful work on our new coyote fence. This project was a pleasure because it started on time, was completed on time, and it was completed exactly as it was bid. From start to finish it was a totally professional experience. The demolition and removal of the old fence was quick and tidy. The steel frame for the new fence will last a lifetime, and the wooden latillas give the face of the fence an old world classic look.

To Whom it May Concern:

I would like to make everyone aware of an absolute Gem of a business located in Santa Fe, NM. The City Different, certainly is different in having a business of such high caliber as The City Different Fence Company, owned and operated by Mr. Carlos Archuleta.

I originally contacted Mr. Archuleta about building a horse fence around the center of our circular driveway to be. We agreed on a 3 rail, split rail, with wire horse fencing inside. His pricing was better than I had been quoted elsewhere, and in watching the construction, it was evident of his superior quality. Mr. Archuleta told me that it was not completed until HE was happy with it. I have to say he is far more critical than his customers.

We then decided to have a garden wall enclosing some of our yard. It was to be a block wall with a stucco exterior, 4' high. We were not in attendance during the major part of the construction, but I felt absolutely at ease knowing the trust I had in him. When we arrived back at the house, the wall was up, with the wire on and they were starting to apply the stucco. I told him it was a shame to stucco it because then no one could see how beautifully the wall was constructed. It was perfect inside! Once completed, it is a magnificent addition to our property.

I can say without hesitation that as we continue development of our property we will need further fencing and no one will be contacted for the work other than The City Different Fence Company. They are one of the most outstanding contractors I have ever had the opportunity to work with.

I highly recommend The City Different Fence Company to anyone contemplating installation of fencing. Not only is Carlos great to work with, but I now consider him a friend.

Sincerely   
Ronald Lattner
